SBA to Close Disaster Loan Outreach Centers In Riverside County

Sacramento, CA – Adalberto Quijada, Director of the U.S. Small Business Administration's (SBA) Santa Ana District Office, today announced that SBA will close its **Riverside County** Disaster Loan Outreach Centers. "The outreach center located in **Riverside** at the **Riverside County Administrative Center, 4080 Lemon Street, Basement Room 4**, will close at **5:00 pm** on **Wednesday, February 28**. The outreach center located in **Indio** at the **Riverside County Administrative Center, 82-675 Highway 111, Basement Room 10**, will close at **5:00 pm** on **Thursday, March 1**," Quijada said.

"SBA's customer service representatives will be available until the centers close to provide personalized service, answer specific questions about how an Economic Injury Disaster Loan from SBA may help each business recover from the freeze and provide one-on-one assistance in completing their loan application," Quijada added. All business owners who have received an SBA application are encouraged to return it to the outreach center nearest them before it closes.

"So far, SBA has approved more than \$4.2 million in low interest disaster loans to California small businesses hurt by the freeze," said Quijada.

"SBA's disaster declaration makes low-interest Economic Injury Disaster Loans available to small, non-farm businesses who have suffered financial losses due to the freeze itself or due to freeze damage to crops such as citrus. SBA's declaration makes available these loans to small businesses that are dependent on growers of citrus and other freeze-impacted crops. Eligible small businesses also include those who do business directly with the growers or other agricultural producers such as packing houses, truckers, and suppliers of agricultural equipment or services. Owners of small "main street" businesses whose customers are dependent on agriculture income, such as diners, gas stations, markets, etc. may also apply for these disaster loans," Quijada added.

By law, agricultural enterprises such as citrus growers and vegetable growers are not eligible for SBA disaster assistance. Citrus and vegetable growers and farmers and ranchers should contact the U.S. Department of Agriculture (USDA) for information on assistance programs they may have available.

These are working capital loans of up to \$1.5 million at an interest rate of 4 percent with terms up to 30 years. "These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can't be paid because of the disaster's impact. The loans also can provide vital economic assistance to small businesses to help them overcome the loss of revenue they are experiencing," said Quijada.

After SBA's disaster offices close, individuals and businesses should mail their completed applications to SBA. Applications and information may be obtained by calling toll-free **(800) 659-2955**. Hearing impaired individuals may call **(800) 877-8339**. The filing deadline to apply for these loans is **October 24, 2007**.
